THE PLANETARY PROGRAM

The theme of the month is the activating of the **channel of individuality (43-23)** by the **Nodes of the Moon**. Beginning on the 6th of April, 05:26 PDT, this transit will last until August 18, 1994. This is a four-month window of opportunity to express your own unique insights.

This definition by transit is initiated and highlighted on April 7th when **Venus enters the 24th gate, Returning**, linking it with **Uranus and Neptune in 61, Inner Truth**. The entire circuit of the mental knowing system will be opened. A time for deep insights.

The underlying reality is that individuality needs to be accepted by others to flourish. **Saturn in 37, the Family; Neptune in 61.3, Interdependence**; and the transits of the most social gate, **22**, by

APRIL 1994

Mars and Mercury at the beginning of the month, indicate the importance in this time of the right people in your life. **Jupiter in 44** is there to alert you to who is correct for you.

Without complementary forces around, the **Sun in 51, Shock; Mercury and Mars in 36, Crisis**; and the testing of one's innocence, **Mercury and Mars in gate 25, Innocence**, can prove difficult. Remember, the key to individuality is making sure that what you are aware of you can communicate to others.

Finally, watch your values, **Earth in 50; Sun and Venus in 27**. Without a set of rules that you live by, you will always struggle with your identity. This month's powerful mental definition may show you the way.

THE KNOWING CIRCUIT

from *The Book of Letters*

The knowing circuit runs through the center of each being and is the most balanced of the circuits. It is the only one which connects all three centers of awareness. This is the circuit of individual and unique manifestation outside of influence.

The channels

- 61 – 24 **Awareness.** The thinker. The need to know and the capacity to rationalize.
- 43 – 23 **Structuring.** The individual. Insights expressed with no guarantee of being understood.
- 8 – 1 **Inspiration.** Originality. Creative expression of the self in action.
- 2 – 14 **The Keeper of the Keys.** Tantric power. The awareness of the self empowered.
- 3 – 60 **Mutation.** Initiating. Pulse energy. The tension between limitation and confusion.
- 38 – 28 **Struggle.** Stubbornness. The energy to fight for individuality.
- 57 – 20 **The Brain Wave.** Awareness in the Now. Natural and penetrating.
- 39 – 55 **Emoting.** Moodiness. Energy to provoke emotionally. Spirit.
- 22 – 12 **Openness.** Sociability. Focus on transpersonal; to find acceptance of individuality.

In a single being, the knowing circuit will manifest as a highly individualistic person, not necessarily understood, but someone with a profound awareness whose process in the end may be of great value to others. In relationships, this circuit enhances the separateness of the partners from others and can result in deep bonding.

SPRING TOURS

News from New Sun Services

A strong seed has been planted on **Maui**. Chaitanyo visited the island in March. More than twenty people received readings. Several of them intend to participate in Ra's advanced trainings in October in Taos. (To all the ephemeris-users there: the time-difference between GMT and Hawaii is -10 hours.)

In coming months we will focus on preparing for Ra's tour of the American Southwest in September and October this year. We will visit all of the proposed places of the tour, making contacts for the local organization of scheduled events and be available for introductions and readings. If you have friends there whom you'd want to be introduced to the Human Design System, please give us a call. Following dates have been set so far:

Zeno in **San Francisco, CA,** April 12-19
Las Vegas, NV, April 20-22
Chaitanyo in **Sedona and Phoenix, AZ,** April 26 - May 6
