-- Neutrino Biverse class now available on CD

In this fascinating 2000 class, Ra outlines the cosmology as he understood it from the "Voice." Hear about the universe (the bi-verse, as Ra sees it) and its structure, far beyond the current scientific understanding. This is the groundwork for the "Global Incarnation Index."

This edition on seven CDs (close to eight hours) is part of the new "Rough Cut" series (see below).

\$84 (plus \$8.40 shipping**)

-- The Rough Cut series

In order to expedite the publication of certain classes in our archives, we've started the Rough Cut series with the Neutrino Biverse class. The Rough Cut series is unedited, meaning that coughs, interruptions, etc. are not removed. There are no illustrations and no titled tracks. However, track numbers are inserted at intervals approximately every 5 to 10 minutes to make it easier to find your way around. This makes publication faster and prices lower.

** shipping \$4 for orders up to \$40
