-- Chaitanyo's Music on CDs

Chaitanyo's music has previously been available on two audio cassettes. Now it is re-released on CD!

All of my life there has been music in my head. Gorgeous, lush, ecstatic music. It must be the music of the gods.

For a long time I just listened, enjoying the gift, but was unable to share with anyone. Then, on my birthday in 1984, I discovered synthesizers and knew that these instruments would one day allow me to transmit my joy.

Since then I have attempted to express what I hear. To this day, I only manage approximations, far cries from the descending beauty, but the best I can do. Some of the bliss must be making its way into the compositions though, since early on people asked me for recordings.

Waves, published in 1990, contains my early experiments, from 1984 to 1990. OhZone followed in 1996, chronicling the evolution from 1990 to 1996.

I m still working and playing to come closer to transmit those divine tunes. I hope to have another CD ready soon. Chaitanyo
