Subject: Human Design Update 9.6

In today's update:

-- Practical Applications scheduled in California
-- The Course in Human Design

-- Practical Applications scheduled in California

The Practical Applications workshop this Spring in Taos was very well received. Participants were thrilled with the inspiring way Zeno engaged them in looking at Human Design charts and applying their own experience and wisdom, rather than borrowed knowledge. Zeno's maturation with Human Design was evident and demonstrated clearly that there's life with Human Design well beyond formulas. Adding to the thrill was the glorious setting in which the class was held, in a beautiful building on top of a hill overlooking the Taos valley with 360 degree views of the surrounding landscape. You can read what participants have to say about the workshop at www.humandesignsystem.com/education/testimonialsPA.htm.

This success encouraged us to schedule a Practical Applications workshop for the first time in San Francisco, California. The six days are split into two successive long weekends, October 18-20 and October 25-27. Cost is only \$640. Participants are expected to be familiar with mechanics and language of Human Design. If you feel insecure, we recommend you take our Course in Human Design first. Start now, so you'll be ready for the San Francisco Practical Applications.

-- The Course in Human Design

This is the easiest, most concise and affordable way to learn the complete mechanics and language of the Human Design System. This correspondence training has been honed and refined over many years with hundreds of students. In its current, updated form it consists of 17 lessons on CDs with corresponding sections in printed color training materials. You learn at your own pace at home and, if the need arises, can get support online, by email, or phone. Start now and order the complete Course in Human Design for an incredible \$320 (plus shipping).
