How many of you have said the Human Design System should be on the Web? Now it is! If you have access to the Internet, look it up.

At this point, it basically contains an enhanced version of the Welcome pack. Many additions and improvements are planned and will be added in time. It is updated continuously, so if you want to see what's new, you don't have to wait for the newsletter any longer!

### New Tapes and Books

The **Head center** is now available on a cassette. Recorded at the **Nine Centers** class last October, Ra talks about its three gates and their significance for the mental processes. The **Root center**, on two tapes, takes you through the pressure from below, either to fuel awareness, or to fuel the energy formats of the major circuits.

Twenty more years of the **20th Century Ephemeris** are now available. **Volume IV** covers 1961-1980. It is a special time in history and in the global cycle. A great reference tool. \$60.

In from Europe is the **1998 Rave Body Graph Ephemeris**. This version of the year's transits shows a **Body Graph** for each day, depicting GMT midnight. It includes the position of the Moon. In America, you need to look at the **Body Graph** from the day before. The table shows exact times when a gate or line changes for any given planet; very helpful when looking up events or planning. \$32

### 1998 Classes

With the web-site and new books and tapes out with the year barely started, this promises to be a very exciting time for Human Design students in North America.

Ra returns in February, beginning his tour in Los Angeles where he'll give the **Introduction lecture** on February 18. Tell your friends who live in the Los Angeles area about this evening. It is free to all and is the only public lecture scheduled in the US for 1998. Ra will be available for individual readings during his stay in LA. He will also be a guest lecturer at the two Los Angeles trainings Zeno gives in February and March and the **Analyst training** in Taos.

**Sex Part II** is on the weekend of March 14 and 15 in Taos. Ra takes students into the caring aspects of human sexuality, how the Sacral connects to the Spleen's fears and awareness streams. If you can only get away for a weekend, this is the perfect course. Accommodations at the Rancho Ramada de Taos are very reasonable, and also vacation rentals to share with other students will be available. When you know you'll be coming for the trainings in March, call

and request the accommodations sheet.

On Tuesday, March 17 through Friday, March 20, Ra gives the **Gray course**, his mystical stories, the cosmology according to the Voice.

The **384 lines** September 30 - October 11 is the last class Ra gives in the US for 1998.

### The Analyst Training Program

Are you looking for meaningful work, something that contributes to the quality of life and well-being? Consider the Human Design Analyst training program.

For anyone who finds the premises of the Human Design System fascinating, the starting point is a Rave reading. Licensed Human Design Analysts introduce people to their design in a reading. Human Design uses language in very specific ways. The reading of a Rave chart follows logical rules and formulas. It is not an interpretation, but rather, as the name implies, a systematic description of the fixed pattern of centers that are defined and the changing patterns of the centers that are undefined.

It is very beautiful work and rewarding to study. At this time, there are only 19 licensed analysts in North America a very small number of people. It takes practice to learn analysis, but fundamentally, it is simple and the great thing is that the study is enormously valuable. Its first application is in understanding yourself better and those around you; to know what it means to be conditioned and to love yourself.

The program consists of three classes beginning with the **Basic training**, either as a two-day class for \$320 or by correspondence for \$350, then the **Advanced training**, either in three days or by correspondence for \$400. The **Analyst training** is hands-on with practice sessions focused on how to do readings. It requires attendance. The three-day class is \$400 (includes the licensing evaluation).

These trainings are scheduled regularly. Check the current schedule in the newsletter or on the web. Call New Sun Services to register. **Zeno is in Los Angeles:**

**Q** How does one find the authority in a Rave chart?

**A** Authority is the aspect in a Rave where decision-making can securely take place. It is not a matter of interpretation; there are rules. Authority is a binary. There is an **inner authority** where one can find the reliable Yes and No that does not require awareness as a prerequisite. The **outer authority** is where one has potential authority for others. Below are the rules for finding the place of authority.

## Inner Authority

### Emotional Solar Plexus Authority

A defined Solar Plexus is always the authority. No truth in the now. Clarity through the wave.

### Sacral Expressed Authority

A defined Sacral, with an undefined Solar Plexus and an undefined or projector Throat (defined but not connected to a motor), is a generated authority through response.

Sacral can express the authority of the Root (formats), the G (tantric channels and 10-34), also the Ego, but only indirectly.

Note: In a split definition that is both manifestor and generator, the Sacral remains the authority.

The Body Graphs on this page are from *Famous Raves, vol. I & II*, available from New Sun Services America.

## Splenic Awareness Authority

Manifesting authority: Spleen to Root or Heart and Throat (undefined Sacral and Solar Plexus)

Generating authority: Spleen to Sacral (undefined Solar Plexus, undefined or projector Throat).

Projector authority: Spleen to Throat. Spleen to Root. Spleen to Self. Spleen to Ego (undefined Solar Plexus, undefined Sacral).

### Ego Manifested Authority

The directly defined Ego to the Throat (45 21) (undefined Sacral, Spleen, Solar Plexus).

### Self Projected or Manifested Authority:

A defined G to the Throat and/or Ego (51 25) (undefined Sacral, Spleen, Solar Plexus).

## Outer Authority

Undefined centers never have inner authority, only potential outer authority, that is, they are of potential value to others. All human beings through conditioning give authority to what they are not.

Mental projectors and reflector types (no definition at all) have no inner authority.

To learn more about manifestors, generators, projectors and reflectors, listen to the tape set *Four Types of Raves*.
