- Complete Collection of Ra's Early Classes For Sale

Chaitanyo is selling his complete private collection of all published recordings of Ra's American classes from 1993-2000. This collection includes 130 CDs and 42 audiocassettes, ranging from the first Basic Training to the Bases, Colors and Tones classes in 2000. Most of these recordings contain also many illustrations.

If you are interested in the teachings that were closest to his revelation (and are therefore not as interpreted as what came later), this is the collection to own. These recordings are otherwise no longer available.

The collection is sold in an auction format, with a starting price of \$900. If you would like to bid, please send an email to chaitanyo@humandesignsystem.com with your offer. If there's a higher bid, you will be notified by email and you can then increase your offer if you'd like. The auction ends Friday, September 19, 2003, at 5pm. With your bid you commit yourself to purchase the collection if you should turn out to be the winner. The highest bid wins. Shipping charges will be added depending on the location of the winner. Full payment is expected within 7 days of closing and before shipment. This auction is only for the entire collection, so please do not request or bid for just a part of it.

- 2004 Pocket Ephemeris

The new 2004 Pocket Ephemeris gets high marks for its newly designed color front cover. We've also resolved the printer problems that have plagued the last two editions and so it reads again as it should, with all the appropriate grayscales to make it easy to follow and read.

- New Music CD by Chaitanyo

"Since the release of Ohzone in 1996, my work with the Human Design System did not allow me to spend as much time as I'd have liked creating music. So it took seven years to finally release another CD.

Now 'Journey' is ready for you to enjoy. I always have a hard time to explain what kind of music I make. It's unique, unmistakably my own. It emerges from my connectedness with the universe, from my meditation, my joy and pain,

my dance of life. It is instrumental and ranges from the quiet and peaceful to the excited and ecstatic. Perhaps it fits loosely into the "New Age" drawer. Listen for yourself! You can download mp3 samples from my website www.chaitanyo.com, or purchase the CD right there online."

"Journey" by Chaitanyo. 43 minutes of great music.
